SKILLS

- **Languages**: Python – DJANGO and other Library, JavaScript, Basic Java
- **Technologies**: HTML, CSS, BOOTSTRAP, React.js
- **Databases/Tools**: MySQL, Git, GitHub, Canva
- **Soft Skills**: Problem solving, Team collaboration, Time management, Adaptability, Communication

PROJECTS

360 Degree Feedback | GITHUB June 2026 - July 2026

- Developed a **360° Feedback Platform** to collect and provide structured feedback across different sectors and user roles.
- Implemented **role-based feedback management**, allowing users to submit, receive, and review feedback through a centralized platform.
- Designed a **user-friendly and responsive interface** to improve feedback accessibility, transparency, and overall user experience.
- **Tech Stack:** HTML , CSS , React.js, JS, Python, MySql

Real time QR Generator | GITHUB Jan 2026 - March 2026

- Developed a **real-time QR Code Generator** that dynamically converts text, URLs, and payment details into scannable QR
- Implemented **instant QR generation and preview**, enabling users to generate payment QR codes for quick and convenient transactions.
- Designed a **responsive and user-friendly interface** supporting multiple QR use cases, including **UPI/payment, URLs, and general text data**.
- **Tech Stack:** Python, NumPy, Data Visualization, Speech-to-Text, Text-to-Speech

Portfolio | GITHUB Sept 2025 - Oct 2025

- Developed a **responsive personal portfolio website** to showcase skills, education, projects, achievements, and professional experience.
- Implemented a **clean and interactive UI** using HTML, CSS, and JavaScript with responsive design for desktop and mobile devices.
- Integrated **project showcases and professional links** to provide recruiters with easy access to technical work and career information.
- **Tech Stack**: HTML5, CSS3, JavaScript, Responsive Web Design, Git, GitHub, Vercal

TRAINING

MP Polytechnic Gorakhpur | Certificate Jun 2026 - Aug 2026

Skill Building Program – Practical Training and Project-Based Learning

- Participated in a skill development program focused on strengthening practical knowledge and industry-relevant technical skills.
- Worked on hands-on learning activities and real-world problem-solving tasks to improve analytical and technical abilities.
- Gained exposure to the complete project development process, including problem identification, planning, implementation, and testing.
- Improved teamwork, communication, problem-solving, and professional skills through practical assignments and collaborative learning.
- **Skills:** Problem Solving, Project Development, Technical Skills, Teamwork, Communication

CERTIFICATES

- Introduction of HTML | **SOLOLEARN** March 2026
- Introduction of CSS | **SOLOLEARN** Sep 2025
- JAVA | **TECHSRIJAN**
- Python | **TECHSRIJAN** May 2026

ACHIEVEMENTS

- Solved more than **30** programming problems on online coding platforms during regular practice and learning.
- Ranked **5th among 50+ teams** in a college hackathon with an innovative web solution prototype.

EDUCATION

MP Polytechnic Gorakhpur Gorakhpur, U.P.

Diploma - Computer Science and Engineering

1st Year: 77.56 %

2nd Year: 80.84 % *Aug 2024 - Present*

- **Tulsi Inter College** Azamgarh, Uttar Pradesh
  Secondary Education; ***Percentage: 83.3%*** *Jun 2023 - Mar 2024*
